Big Blue Business Network - Monday, June 14

Big Blue Country will be the host site for the University of Kentucky Alumni Association's first Big Blue Business Network event. This event will be a very informal social get-together for "UK folks" to meet-up with old friends and meet new friends who are all in the "UK family" (*which is anyone who loves UK--- You do not have to have attended UK to come to this event*).

This social-happy hour-type event will get UK people, in **all** professions, together to discuss the news of the day, job opportunities, the NBA draft, sales leads, UK-UL football game, etc. It will be UK friends connecting with each other for personal or professional reasons, and it provides an informal setting to expand contact lists and to socialize.

We will have drink and appetizer specials for all attendees. For more information, contact UK Alumni's Kim Livesay:
Kimball@livesaygroup.com.
